Abstraksi :

The Short Story in title THE COMPUTER VIRUS. The story is very simply, about competition of two free paper in small city, but it has high moral value. The aim of the translation to help the learners knowing about the problems in translating the short story Computer Virus, especially in Indonesian language. In translating the text from the source language to the target language, some difficult words are found but it is overcome by using book references and dictionaries. Then in translating long sentences the writer is using a free translation, the source language is transferred into its equivalent meaning Indonesian.
