kata kunci : english language - translation

Abstraksi :

The paper entitled The Translation of Painting the Hungry Crocodile is conducted to give the answers to the question: What kind of translation that is used in an article entitled PAINTING THE HUNGRY CROCODILE to Indonesia, the way of translation and the translation itself. For this research, the writer took sources from one of Reader Digest articles entitled Painting the Hungry Crocodile by Paul Rafaele, and he made a translation from its sources language into target language. The writer reads and observes the article, and determines the way how the writer translates its. The Result of translation research shows that the writer still find some problems in translating the text. As a result, the writer tries to find out the solution of the problems.
