Abstraksi :

The paper entitled A TRANSLATION STUDY ON THE YOUNG TSAR is conducted to give the answer to the question ,what kind of translation that is used in a short story entitled the young tsar to indonesia ,the way of translation and the translation it self . For this reaseach ,the writer took a source from short story writen by coun leo tolstoi . The writer reads and observes the short story and determines the way of translating correctly. This result of the translation research shows the method of translation,rules of translation,and the the function of translation.
